

## St. Phoebe's Day Event - September 10, 2023

WIC collaborated with members of the Parish Council and the Newman Grads to celebrate St. Phoebe's Day. During the Sunday liturgies, two women gave reflections from Paul's letter to the Romans (16:1-2), looking to the model of Phoebe, as "our sister, a deacon of the church and a benefactor of many," calling the Church to reconsider the roles of women. After the 10:00 Mass, a panel of women spoke of their experiences and hopes in the Church to a gathering of 70, followed by small group conversations. For this special event, it was an opportunity for students and permanent parishioners, men and women to share together.
