***WELCOME!***

***Invite a friend!***

### ***WHO ARE WE?***

A Eucharistic community, striving to make the promise and challenge of the Gospel and the Catholic tradition a tangible reality in our own lives and in the lives of the members of the university community, the residents of our parish, and those drawn to us by the movement of God's grace. Served by the Paulist Fathers for over 100 years, we are guided by the three-fold Paulist mission of evangelization, reconciliation, ecumenism, and interfaith relations.

### ***WHAT DO WE DO?***

Our goals are to enhance the faith life of our community; to act as a servant church to local, national, and international needs; to point to God's action in the world and our own lives; to communicate the Good News of God's love and acceptance to the unchurched; to reconcile the alienated and wounded; and to heal the divisions within the Christian church and with other religions.

### ***HOW DO WE DO IT?***

Our mission is enhanced by the intersection of the university community and a geographical and intentional parish. The youth and intellectual challenge of the university invigorate the parish life; and the experience of family life, age, and childhood, as well as diverse careers, expand the boundaries of academia. This is melded in common worship, service, education, and celebration.

In this GIFT event you will be taking another look at the roadmap, identifying the hazards and the helps on the journey as they are depicted on playing cards, and getting to know your fellow travelers in small groups. Come and help us explore how we can use this Lenten time to address what robs us of life and joy and what life-giving help God provides.

**MORE EVENTS & FURTHER DETAILS CAN BE FOUND  
IN THE ONLINE BULLETIN AT CALNEWMAN.ORG.**

February is already here and we are just about to send in our 2012 Budget to the Diocese. Our 2011 results were very good... buoyed by that spectacular one Sunday Matching Day. Monies from that day (about \$70,000) were put into savings (student new programming, building repair and adult education), which over the next three years we will be drawing down upon in relation to special expenses in those areas. The cost of the refurbishing and carpeting of the lounge was \$23,000, much of which was paid in 2011 from the "building fund". We have restored reduced salaries to all employees (5% cut over last two years), which does push up our expenses for this year.

We prudently try to keep our Income expectations low and our Expense expectations high in our budget. We are at this moment projecting a \$35,000 deficit with a revenue expectation of \$779,000. Working with our Finance Committee we will keep you posted on that gap and future need to close it.

Today, Rich Andre CSP is making our Paulist Annual Appeal. We welcome Rich and encourage all to help the Paulist Fathers in the education of their seminarians and novices. I am extremely grateful for your continuing help and especially in our Capitol Campaign of 2007, which raised about \$650,000, of which \$130,000 was returned here to Newman for student ministry and aid to the poor. In two weeks time the Annual Bishop's Appeal will begin. Last year for the first time in several years the Bishop's Appeal reached its goal of 2.1 million. Holy Spirit/Newman Hall increased its donation through the generous support of 65 people by 50%, though we were still a tad short of our parish's goal. Materials will be available with regard to the Bishop's Appeal on February 18-19 and the subsequent four weeks.

We had a wonderful turnout for our Busy Person's Retreat. 22 spiritual directors met with 64 members of Newman over a three-day period for personal direction. As in previous years the evaluations have been heartening. Several of the spiritual directors noted that this unique effort is a big boost for them as well.

A number of events will occur at Newman over the next few months, generated by students and parishioners. Noteworthy this week are the Restorative Justice program on Thursday evening sponsored by the Just Faith Ministry, and the Science and Faith program on Wednesday evening sponsored by students. I am delighted with such initiatives and welcome students and parishioners to participate in these and some other coming programs. A bit in the distance is a speaker coming from the University of Notre Dame's Mendoza School of Business. His name is Leo Burke and he will join us on April 16 (Monday) to speak on the theme of The Commons. "The Commons", Burke says at the end of a recent interview in the Notre Dame Alumni Magazine, "is a world that works for everyone."
